

Dear Loveland Tiger Students and Families,

This correspondence contains important dates and information, regarding student parking for the 2017-2018 school year. We will have two separate signup windows for student parking based on registration; student registration will be completed using an online google form. A link to this form will be available through the school website, school email and twitter, after the registration window opens. If you plan to use your phone to register you will need the Google Drive app. The link will open from a computer. You will have the ability and need to submit a picture of your license on the registration form. **Seniors will have top priority for student parking; seniors must have a license before the end of August to receive a parking pass.**

Parking passes will cost \$100 and will be valid for the entire 2017-2018 school year. All school fees must be paid in full prior to the student receiving their parking pass. Please contact Nina Monfreda at monfreni@lovelandschools.org to review the status of your student's account balance.

The senior window for registering will be open and available from 9am on Wednesday, August 2nd until 9pm on Friday, August 4th. Once senior registration is complete, we will open registration to juniors. Junior registration will be open and available from 1pm on Wednesday, August 9th until the remaining parking spots are registered for and filled. Once these spots are filled, students will need to register on the waiting list. The waiting list link will be available through the junior registration link.

The number of available spots for juniors will depend on the number of spots remaining once seniors have registered. Junior registration parking passes will be first come, first serve based on the order we receive registration. A timestamp notification will be received by administration, when a student completes the online registration; administration will use the timestamps as verification and will follow that order for students. The same will apply for the waiting list; students on the waiting list will be notified by administration through student school email where the stand on the waiting list. **Freshman and sophomores are not eligible for a parking pass.**

Parking pass pickup for seniors will be on Tuesday, August 15th from 12:30pm-3:30pm. All school fees must be paid, prior to receiving their parking pass.

Parking pass pickup for juniors will be on Thursday, August 17th from 11am-2pm. All school fees must be paid, prior to receiving their parking pass. If you are on the waiting list a pass will not be available for you during junior parking pickup.

Students who do not receive a parking pass for the 2017-2018 school year will have the option of parking at Phillips Park. Loveland schools will continue to provide a shuttle service, each morning, for these students to ensure student safety. This is a much safer option than walking down Rich Rd. The shuttle service will run at 7:05 and 7:15 each morning. Also, additional city parking has now been made available in the two parking lots to the left along the Tiger Trail. These lots are first come first serve, and students are not guaranteed a spot each morning.

Any questions or concerns please contact assistant principal Matt Buis. Tigers please be safe on the roads this summer!
